Subject: Tebuconazole Technical
EPA Registration No. 82542-4
Your amendment dated June 22, 2009
EPA Decision Number: 416933

Dear Mr. Bastian:

The amended label referred to above, submitted in connection with the registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA) as amended is not acceptable for the following reason:

1. Your EPA registration no. 82542-4 (Tebuconazole Technical) is a 100% repack of EPA registration no. [REDACTED]. Therefore, any uses that you wish to add to your EPA registration no. 82542-4 must first be added to EPA registration no. [REDACTED].

If you decide to proceed with this amendment in the future, please be sure to delete the term "inert ingredients" and replace it with the term "other ingredients" within the *Ingredients Statement* section on page 1.

I am going to close out this submission on our end. So as to save time, I will ask that if you decide to proceed with this amendment in the future that you send me a revised label in PDF format via email (rather than going through front end processing, unless that is the method you prefer). When I receive your revised label, I will enter it on our end as a resubmission and begin the review process again.

If you have any questions, please let me know and I will be happy to get back to you in a timely manner. Should you choose to send the revised label back to me via front-end processing, please be sure to include a copy of this email with your resubmission

Thank you,
Heather

Attn: Mary Waller (PM 21), Registration Division

Dear Ms. Waller:

Subject: Tebuconazole Technical (EPA Reg. No.82542-4): Registration Amendment

Source Dynamics wishes to amend the Directions for Use since on June 17, 2009 several new crops were approved for addition to the label for Punjab Tebuconazole 3.6F Fungicide (EPA Reg. No. 74280-2), which Source Dynamics distributes. Also, we wish to add the following generic statement:

"This product may be used to formulate products for any additional uses not listed on the MP label if the formulator, user group or grower has complied with U.S. EPA data submission requirements regarding the support of such uses."

Identical statements appear on the labels for Folicur Technical Fungicide (Bayer CropScience; EPA Reg. No. 264-748) and Amtide Technical Tebuconazole Fungicide (Amtide LLC; EPA Reg. No. 83851-1), and a virtually identical statement is on the label for Tebuconazole Technical (Repar Corporation; EPA Reg. No. 69361-t0).

We believe that these are administrative actions, and no new data are involved.

Please find enclosed six copies of the proposed label and Form 8570-1.
